

CLEARWATER, FLORIDA

Senior Traffic Engineer/Transportation Planner

Lochner, a mid-size 100% surface transportation firm with offices in fourteen states, is seeking a motivated, self-starting senior Traffic Engineer/Planner with 20+ years of experience in traffic studies, planning and traffic design (transit and/or ITS experience a plus). Florida PE registration required, PTOE preferred. The successful candidate will be responsible for managing and expanding Lochner's traffic engineering efforts throughout Florida and assisting other offices as necessary at a national level. Experience required in management of technical studies including PD&E traffic reports, corridor and intersection studies and DRI review/preparation experience. A working knowledge of Microsimulation software (HCS, CORSIM, Synchro/SimTraffic, VISSIM) is highly desirable. Knowledge of and experience with current FDOT traffic design standards/procedures. Candidates must have excellent writing and verbal communication skills with an ability to understand project financials and maintain budgets. Successful candidate will be actively involved in marketing existing service lines and expanding client base. Apply on-line at www.hwlochner.com/careers. **Equal Opportunity Employer- M/F/D/V.**
