

Candidate Statement from Dan D'Antonio, P.E., PTOE:

As the President of the Central Florida Chapter of ITE (CFITE) for the past two years, I learned a lot about servant leadership. Over the past four years on the CFITE Board, I had many opportunities to serve you, the FSITE/D10 members. These opportunities came through planning and executing several Winter Workshops, Summer Meetings, and Annual Meetings. As Treasurer of FSITE/D10, I will continue to plan meetings in desirable locations with insightful agendas, engage our current members to encourage active participation, recruit new and young members, and most importantly, work with meeting vendors to reduce costs and increase benefits so that you will continue to have exceptional experiences at our meetings.

As engineers, planners, administrators, and student engineers, we are naturally inquisitive about technical topics. It's the diversity of our craft that makes me passionate about learning and improving my skills. I know that attending conferences and participating in industry organizations must be balanced with the demands of our jobs. As a member of the FSITE/D10 Board, I will always seek input from the members on the topics that are most interesting for our meetings so that we provide the value you want for your time and money. You may have met me over the past four years working registration desks, coordinating with A/V teams, moderating sessions, fetching sandwiches and drinks, or simply enjoying an annual awards banquet. Please allow me to continue serving you for years to come by voting for me as Treasurer of FSITE/D10.
