

Civil Engineer – Bridge Design

—Tallahassee (FL)—

Mead & Hunt, Inc., a nationally recognized professional services consulting firm, has a position open for an experienced civil engineer to work with our bridge design team. Responsibilities include preparing designs, reports, studies, specifications, provisions and construction documents for highway transportation structures; developing the design structural components for bridges and related structures of various complexity; preparing engineering calculations to develop drawings and visual aids. Some travel will be required.

The successful candidate will have a bachelor's degree (or higher) in civil engineering AND at least four years of relevant work experience.

The ideal candidate will have experience with any/all of the following: highway bridge design projects; bridge rehabilitation, component, and/or load rating design projects; AutoCAD, HCS, Microstation, and bridge design modeling software; FDOT projects; MS Office software. The ideal candidate will also have their EIT certification.

If you have strong communication and organizational skills, are self-motivated, and can work well both independently and as part of a team, complete the online application process for this job posting at www.meadhunt.com/careers OR submit your cover letter and resume (and the pdf application if possible) to the address below. The deadline to apply for this position is **Wednesday, July 17, 2019**. Interviews are awarded on our review of your ability to meet the qualifications in the paragraphs describing the “successful” candidate and “ideal” candidate, **so be sure to explain where indicated in the online application (or in your COVER LETTER, not just in your resume, if you are applying by mail) how you meet each qualification listed in the paragraphs above.** Mead & Hunt will not sponsor a visa (H-1B, etc.) for this position.
