

Position Number: 55012552

Position Title – Location: Rail Administration Manager – Fort Lauderdale, FL

Annual Recruitment Salary Range: \$71,400.02 - \$92,400.02

The Florida Department of Transportation is seeking applicants for the position of the Rail Administration Manager. Some key duties and responsibilities for this position are:

- Supervise and oversee rail staff that manages a variety of rail maintenance and capital projects in District 4
- provide technical and administrative guidance within the section and will provide mentoring, training, and professional development opportunities
- Oversee the District Four Rail program, including extensive coordination with the South Florida Regional Transit Authority (SFRTA), Florida East Coast (FEC), CSX, Amtrak, and the Federal Railroad Administration (FRA).

Key attributes are the ability to lead, supervise, and work with diverse groups of people and the ability to plan, organize, and establish priorities and assign resources. These management skills are complemented by the knowledge of concepts, terminology, principles, and analytical techniques of engineering design as well as effective communication skills.
