

The Florida Department of Transportation (FDOT) has an excellent employment opportunity in the Central Roadway Design Office. Please share the advertisement below with your friends, co-workers, associates, and current or former employees who might be interested in this opportunity. This advertisement closes on 11/22/18.

FDOT Central Roadway Design Office is seeking a highly motivated professional engineer to lead, manage and supervise the Roadway Criteria Section. The selected candidate will be responsible for the planning, development and implementation of criteria, procedures, and guidelines for statewide uses to promote the safe and cost effective design of roadways.

This is a leadership position which will be responsible for among other things planning, organizing and coordinating employee assignments and schedules. The incumbent will be responsible for providing meaningful feedback to employees, motivating continued excellence, mentoring and role-modeling, and leading the team through improved effectiveness in the delivery of Design Criteria. The selected candidate will join a top-performing team where communication and teambuilding skills will be critical.

The FDOT offers a friendly, supportive work environment with strong leadership, opportunities to be involved in some of the most important aspects of roadway design, and excellent benefits.

If you have any questions about this excellent opportunity, please contact Michael Shepard at 850-414-4330.
