

Roadway Design Engineer

—Tampa (FL)—

Mead & Hunt, Inc., a nationally recognized professional services consulting firm, has a position open for a roadway design engineer. Responsibilities include developing plans, specifications, and estimates for preliminary and final geometric design of urban and rural roadway, interchanges, cross sections, and other transportation projects; producing roadway alignments, topographical profiles, cross sections, earthwork calculations, and grading plans; performing quantity and cost estimates and calculations; preparing design reports; and participating in design meetings as needed. A valid driver's license and some travel will be required.

The successful candidate must have a bachelor's degree (or higher) in civil engineering from an accredited four-year college or university AND at least two years of relevant experience.

The ideal candidate will have experience with any/all of the following: MicroStation software; GEOPAK and/or OpenRoads Designer CONNECT Edition software; FDOT projects; MS Office software; technical writing. The ideal candidate will also have their EIT certification.

If you have strong communication and organizational skills, are self-motivated, and can work well both independently and as part of a team, complete the online application process for this job posting at www.meadhunt.com/careers OR submit your cover letter and resume (and the pdf application if possible) to the address below. The deadline to apply for this position is **Thursday, September 12, 2019**. Interviews are awarded on our review of your ability to meet the qualifications in the paragraphs describing the "successful" candidate and "ideal" candidate, **so be sure to explain where indicated in the online application (or in your COVER LETTER, not just in your resume, if you are applying by mail) how you meet each qualification listed in the paragraphs above.** Mead & Hunt will not sponsor a visa (H-1B, etc.) for this position.
