

Roadway Engineer III – Tampa – Req 174499

AECOM is actively seeking a creative, highly talented Roadway Engineer III for immediate employment in the Tampa, FL office.

AECOM, a Global Engineering Firm, provides services to FDOT, state agencies, municipalities, and private clients. Our team of engineers and designers are problem solvers who know how to develop innovative, cost-effective and sustainable solutions using state of the industry technology.

The responsibilities of this position include, but are not limited to:

- Support the highway group on FDOT roadway projects, performing the necessary tasks to assist in the overall process of preparing final construction plans ready for contract bids
- Field visits to assess site conditions
- Microstation Computer Drawing Design
- Engineering Calculations
- Design Reports
- Client Contact
- Task Management

*Minimum Requirements

- Bachelor's degree in Civil Engineering with an emphasis in Traffic or Transportation Engineering or other related field required
- 5+ years of experience
- CADD and Microsoft Office

*Preferred Qualifications

- Passed the PE exam
- Excel at working in a fast-paced team environment
- 3-D Modeling Experience
