

**Traffic Control Device Engineer – Virginia Department of Transportation Central Office  
(Architect/Engineer I - 39051) Hiring Range: \$66,681 - \$92,000  
Position Number: 20011 Job Posting Number: 1050832**

The Virginia Department of Transportation's (VDOT's) Central Office Traffic Engineering Division is seeking a talented individual that is experienced in the design, construction, and maintenance of traffic control devices (TCDs) – signs, pavement markings, traffic signals, highway lighting, and the ancillary structures that support those devices.

VDOT is the third largest state maintained highway system in the country, maintaining over 58,000 miles of roads, bridges, and tunnels, and employing over 7700 people through a diverse workforce. Our culture includes teamwork, transparency, nimble learning, creativity, and collaboration that values differences.

We are the preferred employment option. We offer amazing benefits. Create your opportunity by applying now! <https://virginiajobs.peopleadmin.com/postings/145693>
