Where: Auditorium A/B

Florida's Turnpike Enterprise HQ
Turkey Lake Service Plaza MP265
Ocoee, FL 34761

Hosted by

ACTIVE ARTERIAL MANAGEMENT AND PERFORMANCE MEASURES MANAGEMENT AND REPORTING

The Florida Puerto Rico District ITE's Winter Workshop returns with a one-day session focusing on **Active Arterial Management and Performance Measures Reporting & Management**.

The presentations will include examples of **traffic timing and phasing strategies, Traffic Incident Management (TIM), and planned/special event management strategies** to actively manage arterials. The discussion will also focus on the reporting and management of the **arterial performance measures, ATSPMs, and Big Data** applications.

FDOT presenters describing their experiences with this program include **Amy DiRusso** from District Three, **Tricia Labud** from District Five, and **Yamilet Diaz** from District Six. Local agency experience will be presented by **Vik Bhide** from the City of Tampa, **Emmanuel Posadas** from the City of Gainesville, and **Mukunda Gopalakrishna** from Manatee County. From the industry perspective, **Sasa Mitrovic** from Traffop, **Shelby Coke** from Coke Consulting, and **Anita Vandervalk-Ostrander** from Iteris will discuss their approaches to the management of the extensive data obtained from these systems.

Six (6) PDH or AICP Continuing Education Credits are provided to attendees.
